1.0	**INTRODUCTION**	1
2.0	**OVERVIEW OF LITERATURE**	
2.1	Definitions of eating Disorders	9
2.2	Eating Disorders as Culture-Bound Syndromes	11
2.2.1	The Acculturation Hypothesis	11
2.2.2	Eating Disorders in the West	12
2.2.3	Eating Disorders in Non-western populations	14
2.2.3.1	Asia	15
2.2.3.2	The Middle East	16
2.2.3.3	Eastern Europe	17
2.2.3.4	South America	18
2.2.3.5	Africa	19
2.2.3.6	South Africa	20
2.2.3.7	Limitations and Potential of Prevalence Data	22

2.2.4	Westernization or process of socio-cultural transition?	30
2.2.4.1	Industrialization and Urbanization	31
2.2.4.2	Socioeconomic Status	32
2.2.4.3.	Obesity	34
2.2.4.4	Gender Role Confusion	35
2.2.4.5	Socio-cultural Transition and Eating Disorders	38
2.2.5.	Cross-cultural Studies	41
2.2.5.1	Cross-cultural Studies in South Africa	43
2.2.6	Immigration Studies	46
2.2.7	Acculturation Studies	48
2.3	Dieting to Disorder	51
2.3.1	Predisposing Factors	52
2.3.2	Precipitating Factors	57
2.4	Contemporary Models of Acculturation	58
2.4.1	Dimensionality and Directionality	57
2.4.1.1	Ecological Dimension	58
2.4.1.2	Group Dimension	59
2.4.1.3	Individual Dimension	60
2.4.1.4	Directionality	62
2.4.2	Stages of Acculturation	68
2.4.3	Acculturative Stress and Psychopathology	69
2.4.3.1	Type of Acculturating Group	72
2.4.3.2	The Nature of Inter-group Contact	73
2.4.3.3	The Duration of Acculturation	74
2.4.3.4	Characteristics of the Acculturating Individual	76

2.4.4	Measures of Acculturative Stress	78
2.4.4.1	Stressors Associated with the Acculturation Process	78
2.4.4.2	Stressful Reactions to the Acculturation Process	79
2.4.4.3	Measures of Acculturation	80
2.4.5	Acculturative Stress and Eating Disorders	82
2.4.5.1	The Two-world Hypothesis	84
2.4.5.1.2	Culture Clash	85
2.4.5.1.3	Intergenerational Disparity	86
2.4.5.1.4	Identity Confusion	87
2.5	Acculturative Stress in South Africa	90
2.6	Study Objectives	99
2.6.1	Research Hypotheses	100
3.0	**METHODOLOGY**	
3.1	Research Sample	101
3.2	General Preliminary Procedures	106
3.3	Qualitative Analysis (Focus Groups)	106
3.3.1	Subjects	107
3.3.2	Procedure	107
3.3.3	Data Analysis	108
3.3.3.1	Constant Comparative Analysis	108
3.3.3.1.1	Open Coding on Eating Disorders	110
3.3.3.1.2	Open Coding on Acculturative Stress	115
3.3.3.1.3	Axial Coding	120
3.3.3.1.4	Core Categories	124
3.3.3.1.5	Summary of Relevant Findings	126

3.4	Quantitative Analysis	128
3.4.1	Instruments	128
3.4.1.1	General Demographic Questionnaire	128
3.4.1.2	Eating Attitudes Test -26	129
3. 4.1.3	Eating Disorders Diagnostic Scale	134
3.4.1.4.	General Health Questionnaire-12	138
3.4.1.5	Multidimensional Acculturative Stress Inventory-Revised	135
4. 4.1.5.1	Modification of the MASI as the MASI-R	140
3.4.2	Sample	146
3.4.3	Procedure	147
3.4.4	Data Analysis	148
3.4.4.1	Bivariate Analysis	149
3.4.4.2	Multivariate Analysis	150
4.0	**RELIABILITY AND VALIDITY OF INSTRUMENTS USED**	**151**
4.1	General Demographic Questionnaire	151
4.2.	Multidimensional Acculturative Stress Inventory-Revised	154
4.2.1	Reliability	155
4.2.2	Content Validity	157
4.2.3	Predictive Validity	159
4.2.4	Construct Validity	162
4.2.4.1	Cultural Orientation	164
4.2.4.2	Language	171
4.2.4.3	Duration of Multicultural Contact	175
4.2.4.4	Grades	178
4.2.4.5	Presence of Parents	182
4.2.4.6	Schools	183
4.2.4.7	Overview of the reliability and validity of the MASI-R	189

4.3	The Eating Attitudes Test (EAT26)	192
4.3.1	Overview of the Reliability and Validity of the EAT26	206
4.4	The Eating Disorders Diagnostic Scale	208
4.4.1	Overview of the Reliability and Validity of the EDDS	216
	RESULTS: QUANTITATIVE FINDINGS OF RESEARCH STUDY	**218**
5.1	Relationships between the MASI-R, EAT26 and EDDS	218
5.2	Relationships between the MASI-R and EDDS	220
5.3	Relationships between the MASI-R and the EAT26	222
5.4	Relationships between the EAT26, EDDS and Demographic Variables	225
5.4.1	Cultural Orientation	225
5.4.2	Language	227
5.4.3	Multicultural Contact	227
5.4.4	Grade	229
5.4.5	Presence of Parents	232
5.4.6	Schools	234
5.4.7	Other Demographic Variables	237
5.5	General Health Questionnaire-12	238
5.6	Overview of Significant Findings	238
5.7	Methodological Limitations	242
5.7.1	Field Studies	242
5.7.2	Sampling	243
5.7.3	Power Analysis	247

6.0	**DISCUSSION**	**248**
6.1	Prevalence of Eating Dysfunction and Disorder in South Africa	248
6.2	Research Hypotheses	252
6.2.1	Acculturative stress and Dysfunctional Eating Attitudes and Behavior	255
6.2.2	Acculturative Stress and Eating Disorders	263
6.2.3	Culture-Clash	267
6.2.4	Intergenerational Conflict	270
6.2.5	Identity Conflict	272
6.2.6	Other Research Findings	276
7.0	**CONCLUSIONS**	**281**
8.0	**REFERENCES**	
9.0	**APPENDICES**	

LIST OF FIGURES

		Page Number
FIGURE 1:	Model of Acculturation and Stress (Ward et al., 2003)	71
FIGURE 2:	Median Scores on Total MASI-R, & subscale scores on PTA, PAA & CONFLICT across cultural categories of Zulu, Other African, Western, I Don't Know and Mixed.	166
FIGURE 3:	Median Scores on Total MASI-R and subscale scores on PTA, PAA, CONFLICT across cultural categories of Non-Westernized, Westernized and 'I Don't Know'.	170
FIGURE 4:	Median Scores on Total MASI-R and subscale scores on PTA, PAA & CONFLICT across language Groups of Zulu, Other African, English & Mixed (bilingual).	173
FIGURE 5:	Median Scores for Total MASI-R & subscale scores on PTA, PAA & CONFLICT for each Grade.	179
FIGURE 6:	Median Scores for Total MASI-R, and subscale scores on PTA, PAA & CONFLICT for subjects whose mothers were Present and Absent.	182
FIGURE 7:	Mean Scores for Total MASI-R across schools A-E.	184
FIGURE 8:	Median Scores for Total MASI-R, PTA, PAA & CONFLICT For each school A-E.	185
FIGURE 9:	Relationship between positive and negative scores on the EAT26 and eating disorders on the EDDS.	200

FIGURE 10: Relationships between positive and negative scores on the MASI-R & the EAT26, and percentage of subjects with an eating disorder on the EDDS**.** 219

FIGURE 11: Relationship between positive and negative scores on the MASI-R and eating disorders on the EDDS. 220

FIGURE 12: Positive and Negative scores on the MASI-R and percentage positive and negative scores on the EAT26. 223

FIGURE 13: Relationship between positive and negative MASI-R scores and median scores on the EAT26, Dieting, Oral Control and Body Image Criteria on the EDDS. 224

FIGURE 14: Percentage eating disordered across cultural categories of Non-Westernized, Westernized and 'I Don't Know.' 226

FIGURE 15: Percentage Positive EAT26 scores in uni-cultural and multicultural schools.

FIGURE 16: Percentage Positive EAT26 Scores for each Grade 9-12. 229

FIGURE 17: Median scores for Body Image Criteria across Grades 9-12 230

FIGURE 18: Percentage eating disordered subjects in each Grade 9-12 231

FIGURE 19: Median EAT26 Scores (Dieting, Bulimia, Oral Control) in Subjects whose mothers were Present and Absent. 232

FIGURE 20: Median EAT26 scores (Dieting, Bulimia and Oral Control) in Subjects whose fathers were Present and Absent. 233

FIGURE 21: Mean scores for EAT26, Dieting, Bulimia, Oral Control across schools A-E. 235

FIGURE 22: Percentage positive EAT26 scores across schools A-E. 236

FIGURE 23: Median Body Image Criteria across schools A-E. 237

FIGURE 24: Factors associated with Acculturative Stress (MASI-R, PTA, PAA & CONFLI CT) EAT26 (Dieting, Bulimia & Oral Control) Eating Disorders on EDDS & Body Image Criteria on EDDS identified in the current study 241

LIST OF TABLES

Page Number

TABLE 1: Spearman's Correlation coefficients between the MASI-R, PTA, PAA & CONFLICT. 158

TABLE 2: Spearman's correlation Coefficients between the EAT26 and subscales,of Dieting, Bulimia and Oral Control (OC) Body Image Criteria on the EDDS (BIC) and the GHQ12 194

TABLE 3: Cross-tabulation between positive and negative scores on the EAT26 and EDDS 199

TABLE 4: Categories of EDNOS, EDNOS A, EDNOS B and EDNOS C, as defined by this study, Median Body Image Criteria (BIC), percentage positive EAT26 scores and percentage eating disorder on EDDS for the sample, each school & each Grade. 211

LIST OF APPENDICES

APPENDIX 1 (a)	Human Research Ethics Certificate
APPENDIX 1 (b)	Letter to Education Department
APPENDIX 1 (c)	Letter of Consent from the Department of Education
APPENDIX 2:	Letter to Head Teachers of Schools
APPENDIX 3 (a)	Parental Consent & Learner Assent -Focus Group (English)
APPENDIX 3 (b)	Parental Consent & Learner Assent- Focus Group (Zulu)
APPENDIX 4 (a)	Parental Consent & Learner Assent –Research Study (English)
APPENDIX 4 (b)	Parental Consent & Learner Assent – Research Study (Zulu)
APPENDIX 5:	Administration – Focus Groups
APPENDIX 6:	Procedures for Research Study
APPENDIX 7 (a):	Questionnaires: (English)
	Demographic Questionnaire
	Eating Attitudes Test-26
	Multidimensional Acculturative Stress Inventory-Revised
	Eating Disorders Diagnostic Scale
	General Health Questionnaire-12
Appendix 7 (b):	Questionnaires: (Zulu)
	Demographic Questionnaire
	Eating Attitudes Test-26
	Eating Disorders Diagnostic Scale

Multidimensional Acculturative Stress Inventory-Revised

General Health Questionnaire-12

APPENDIX 8: Frequencies: Demographic Data

APPENDIX 9: Table 1: Scores: Demographic Categories

Table 2: Scores: Demographic Categories (cont)

Table 3: Scores: Demographic Categories (cont)

APPENDIX 10: Percentage Eating Disorders, Positive EAT26 & MASI-R scores Across Demographic Categories

APPENIDX 11: Spearman's Correlations –Table 1, Sample

Spearman's Correlations - Table 2, School A

Spearman's Correlations –Table 3, School B

Spearman's Correlations – Table 4, School C

Spearman's Correlations – Table 5, School D

Spearman's Correlations – Table 6, School E

Spearman's Correlations – Table 6, Grade 9

Spearman's Correlations – Table 7, Grade 10

Spearman's Correlations - Table 8, Grade 11

Spearman's Correlations - Table 9, Grade 12

APPENIDIX 12: Factor Analysis: MASI-R

Factor Analysis 2: Factor Loadings

APPENDIX 13: Multidimensional Acculturative Stress Inventory Original MASI (Rodriguez et al., 2002)

LIST OF ABBREVIATIONS

1)	**APA**	American Psychiatric Association
2)	**BMI**	Body Mass Index
3)	**DSM 111-R**	Diagnostic and Statistical Manual of Mental Disorders- 111- Revised
4)	**DSM-1V**	Diagnostic and Statistical Manual of Mental Disorders-1V
5)	**EAT26**:	Eating Attitudes Test – 26
6)	**DIETING**	Eating Attitudes Test-26 subscale of Dieting
7)	**BULIMIA**	Eating Attitudes Test-26 subscale of Bulimia
8)	**OC**	Eating Attitudes Test-26 subscale of Oral Control
9)	**EDDS**	Eating Disorders Diagnostic Scale
10)	**BIC**	Body Image Criteria : Items 1-4 of the EDDS
11)	**GHQ-12**	General Health Questionnaire-12
12)	**MASI**	Multidimensional Acculturative Stress Inventory
13)	**MASI-R**	Multidimensional Acculturative Stress Inventory- Revised
14)	**PTA**	MASI-R subscale of Pressure To Acculturate
15)	**PAA**	MASI-R subscale of Pressure Against Acculturation
16)	**CONFLICT**	MASI-R subscale of CONFLICT
17)	**MCS**	Multicultural School
18)	**N**	Number
19)	**SCID**	Structured Clinical Interview for DSM-111-R
20)	**SES**	Socio Economic Status
