MSc (Engineering) Research Report

PD Characteristics of Typical MV XLPE Power Cable Termination Defects at VLF and Power Frequency Test Voltages

Daniel Fynes-Clinton

A research report submitted to the Faculty of Engineering and the Built Environment, University of the Witwatersrand, in fulfilment of the requirements for the degree of Master of Science in Engineering.

The financial assistance of the National Research Foundation (NRF) towards this research is hereby acknowledged. Opinions expressed and conclusions arrived at, are those of the author and are not necessarily to be attributed to the NRF.
