**APPROVAL LETTER: ACCESS TO ALEXANDRA FAMILY PRACTICE (AFP) FOR CONDUCTING RESEARCH**

From: **The Chief Executive Officer (CEO): Dr Dino Rech**

Date: **21/01/2016**

RE: Request for approval to access the Centre for HIV/AIDS Prevention Studies (CHAPS) Voluntary Medical Male Circumcision (VMMC) health facility known as Alexandra Family Practice (AFP) to conduct a research study entitled "Sexual behaviours of circumcised men in a private practice in Alexandra".

Dear Dr Josephine Asare- Bediako

This letter serves as a formal approval to grant the researchers (Public Health Masters Student and Research Assistant) from the Wits School of Public Health permission to access and interview patients in CHAPS clinic- AFP based in Alexandra.

I have evaluated the request and approve its continuation based on the approval to be obtained from University of Witwatersrand Human Research Ethics Committee.

Sincerely,

A handwritten signature in black ink, appearing to read "Dino Rech", is written over a horizontal line.
