LIST OF FIGURES

Figure 1: Distribution of age groups in study and control patients 34
Figure 2: Blood pressure ranges in study and control groups 46
Figure 3: Sputum ziehl nielsen Quantity Distribution 54
Figure 4: Core research laboratory data range distribution in study and control groups 61
Figure 5A: Scatter graph showing log plasma vitamin C and cortisol in study patients 64
Figure 5B: Scatter graph showing log plasma vitamin C and cortisol in control patients 65
Figure 6A: Scatter graph showing log plasma vitamin C and epinephrine in control patients 66
Figure 6B: Scatter graph showing log plasma vitamin C and epinephrine in study patients 67
Figure 7A: Scatter graph for log plasma vitamin C and log CRP in study patients 69
Figure 7B: Scatter graph for log plasma vitamin C and log CRP in control patients 69
Figure 8A: Scatter graph for plasma vitamin C log and ferritin log in study patients 70
Figure 8B: Scatter graph for plasma vitamin C log and ferritin log in control patients 71
