# TABLE OF CONTENTS

- Abstract ................................................................. i
- Declaration ............................................................. ii
- Acknowledgements .................................................. iii
- List of tables .......................................................... ix

## CHAPTER ONE- INTRODUCTION

1.1. Introduction .......................................................... 1
1.2. Rationale for the study .............................................. 3
1.3. Aim of the study ..................................................... 5
1.3.1. Research questions ............................................. 5
1.4. Layout of the rest of the report ................................. 6

## CHAPTER TWO: LITERATURE REVIEW AND THEORETICAL FRAMEWORK

2.1. Introduction .......................................................... 7
2.2. Psychosocial Impact ............................................... 8
2.2.1. Operational definition ......................................... 8
2.3. Psychosocial responses to HIV diagnosis ..................... 9
2.3.1. Fear 9
2.3.2. Loss 9
2.3.3. Grief 10
2.3.4. Guilt 10
2.3.5. Denial 10
2.3.6. Anger 11
2.3.7. Anxiety 11
2.3.8. Low self-esteem 11
2.3.9. Depression 12
2.3.10. Hope 12
2.3.11. Socio-economic issues 12
2.4. Psychological models for chronic illness 16
2.5. The impact of HIV/AIDS on affected others 18
2.5.1. Elderly people 18
2.5.2. Women 19
2.5.3. Children 22
2.6. Rural issues 24
2.6.1. Operational definition: rural 24
2.6.2. Characteristics of rural areas 25
2.6.3. HIV/AIDS in rural areas 25
2.7. Family issues 28
2.7.1. Operational definition: family 28
2.7.2. Characteristics of a family 29
2.7.3. HIV/AIDS and families 31
2.7.4. Family structures 31
2.7.5. Family resilience 33
2.8. Community 34
2.9. Stigma and discrimination 35
2.9.1. Origins of stigma 36
2.9.2. Children and stigma 36
2.10. Theoretical framework 38
2.10.1. Structural and social systems theory 38
2.10.2. Disengaged families 38
2.11. Attachment theory 41
2.12. Erikson’s psychosocial stages of development 43
2.13. Conclusion 46

CHAPTER THREE: METHODOLOGY 47

3.1. Introduction 47
3.2. The setting 47
3.3. Research design 48
3.4. Participants 49
3.5. Instruments 52
3.6. Procedure 53
3.7. Data analysis method 54
3.7.1. Preview 54
3.7.2. Content analysis 54
3.7.3. The validity and reliability of content analysis 55
3.8. Ethical Issues 56
3.9. Conclusion 57
### CHAPTER FOUR: RESULTS AND DISCUSSIONS
