

ACKNOWLEDGEMENTS

I would like to express my appreciation to my supervisor, Prof. Ewa Cukrowska for her guidance, encouragement and constructive criticism through out this project. Thank you for your never ending support. I would also like to thank Angloplat especially Dr. David Robinson and Keith McIntosh for their cooperation and assistance with PGMs and gold concentrates. I would like to say “*vielen dank*” to Prof. Dr. Alfred Golloch, Engineer Gerd Fischer of Duisburg Essen University, Germany, Nussle, Murat and Prof. Josef Havel, Masaryk University, Czech Republik for guidance, criticism and support.

I would also like to voice my gratitude to the University of the Witwatersrand for Post Graduate Merit Award and to Wits School of Chemistry analytical chemistry group: – Ruphat Morena, Dr. Koovilla Naicker, Dr. Hlanganani Tutu, Hermogene Nsengimana, Steve Pole, Robson Lokothwayo, Phelelani Mbhele, Claire Booyjzsen and Dana Roberts. Thank you for laughing with me.

Special thanks to my Johannesburg family – Prof. J.A. Ogude, Prof. A.N. Ogude, John Mark Mangana, Benter Okello, Dr. Omondi Ogude, Didi Ogude, Bernard Omondi, Sheila Otieno, Tove Sithole, Georgina Peter (Shukrani sana) and Grace Otieno for family support. To Dr. George Ogolla - ‘*ndhadhu*

Ondiek'... I am not into trying to be the highest, fastest or best....I am just in my element!

Most importantly, to my parents Mr. J.X. Nyagaya and Mrs. M. Nyagaya, my brothers and sisters, thank you for your love, patience, friendship, support and encouragement. The family fireside is the best of schools – Arnold H. Glasow. Most of all, to GOD for His grace, love and care.
