YOST MECHANICAL ACCOUNTANT

WILL WRITE, ADD AND SUBTRACT ON THE SAME MACHINE.

The need for "Efficiency" was never greater than at the present time, nor has highly trained assistance been more sought after. In the Yost Mechanical Accountant not only the unnecessary, but the highly paid section of the labour is reduced. The invoice, statement, balance sheet, estimate, pay sheet, or, whatever it may be, is typed, and the act of typing automatically makes the necessary calculation.
