A Career Counselling Programme

The National Institute of Personnel Research will be running a series of career counselling programmes with a limited number of students from St. Anthony's matric classes during March 1987. The career counselling will form part of a research programme aimed at improving school guidance services.

The career counselling will be designed to help students to assess their values, needs, interests and abilities. Students will also be helped to apply this self knowledge to selecting and planning for future careers.

The counselling service will be run on St. Anthony's school premises and will be free of charge.

Students wishing to make use of the programme will be required to attend the following four sessions :

Session 1 A 1 hour session directly after school on Thursday 5th March.

Session 2 A full day session from 9.a.m. to 4.p.m. on one of the following Saturdays :

Saturday 7th March
Saturday 14th March
Saturday 21st March
Saturday 28th March

Students are asked to bring their own lunch to these sessions.

Session 3 A 1 hour session on one of the following afternoons between 2.p.m. and 5.p.m.

Monday 9th March
Tuesday 10th March
Wednesday 11th March
Thursday 12th March

Session 4 A 1 hour session either during or directly after school on Friday 20th March.

Unfortunately, as this is a research programme, we are not able to offer students the choice of which days they would like to attend. Therefore students who would like to participate in the programme must be available at any of the times listed for sessions 2 and 3.

We regret that the number of students who can be accommodated on the programme is limited. The names of those students who have been accepted for the programme, and the dates and times for their attendance, will be available from Mrs. Pienaar on Wednesday 4th March.
