APPLICATION FOR PERMISSION TO CARRY OUT A RESEARCH INVOLVING STUDENTS

I wish to apply for permission for me to carry out a research involving high school students within the Mookgalakwena municipality.

I am a medical doctor currently working at Mokopane Regional Hospital. I am currently doing a Master of Family Medicine degree with the University of Witwatersrand, Johannesburg. I have completed the course work and I have also completed writing a research proposal for the research, which is a requirement for the award of the degree.

The title of the research is: ALCOHOL AND OTHER DRUGS ABUSE: PREVALENCE, RISK FACTORS AND IMPACT ON THE ACADEMIC PERFORMANCE OF HIGH SCHOOL STUDENTS IN THE MOKGALAKWENA MUNICIPALITY, LIMPOPO PROVINCE.

The research will involve random selection of one high school from each of the nine education circuits within the Municipality. Consent will be sought and obtained from school principals/school governing council and assent from participating students. On the agreed dates and time, self administered questionnaires will be distributed to students in the selected classes. On completion the questionnaires will be collected immediately. The questionnaires will be completely anonymous. The questionnaires cover the following areas: Socio-demographic data, cigarette, alcohol and drugs use/abuse measures and perceived influence on academic performance.

All reasonable steps will be taken to ensure that this process does not affect normal school activities.

The issue of alcohol and other drugs abuse, especially amongst school children is a worrying and topical issue throughout the country at the moment and that is the main motivation for the choice of the topic.

I, therefore, hope my application would be given due consideration.

Thanking you in anticipation of your kind consideration.

Dr. O. I. Owo
