TABLE OF CONTENTS

Declaration……i

Acknowledgements……ii

List of tables……iii

List of figures……iv

List of abbreviations……v

Abstract……vii

CHAPTER 1: INTRODUCTION……1

1.0 Introduction……1

1.1 Background……2

1.2 Problem Statement……4

1.3 Research Question……6

1.3.1 General Objectives……6

1.3.2 Specific Objectives……6

1.4 Justification……6

1.5 Definition of terms……9

CHAPTER 2: LITERATURE REVIEW AND CONCEPTUAL FRAMEWORK……10

2.0 Introduction……10

2.1 Literature review……10

2.2 Theory (Mosley and Chan model)……19

2.3 Conceptual and Theoretical Framework……..20

2.3 Hypothesis……..……..21

CHAPTER 3: METHODOLOGY…….……22

3.0 Introduction……..……22

3.1 Study setting……22

3.2 Data Source, Study Population Sample Size……...22

3.3 Ethical Issues……...23

3.4 Study Variables …… ……24

3.3.1 Dependent Variables…….24

3.3.2 Key Independent Variables……...24

3.3.3 Other Independent Variables……24

3.5 Data Management……32

3.6 Data Analysis……...33

3.7 Limitations……...34

CHAPTER 4: RESULTS……...35

4.0 Introduction……..35

4.1 Descriptive statistics……35

4.1.1 Infant Mortality……..…….37

4.1.2 Child Mortality……..……..38

4.2 Multivariate Logistic Regression…….39

4.2.1 Logistic regression: Unadjusted effects of place of residence on infant mortality……41

4.2.2 Logistic regression: Adjusted effects of Place of residence on infant Mortality ……42

4.2.3 Logistic regression: Unadjusted effects of place of residence on child Mortality……..43

4.2.4 Logistic regression: Adjusted effects of place of residence on child mortality……..…….43

CHAPTER 5: DISCUSSIONS, CONCLUSIONS AND RECOMMENDATIONS…….45

5.0 Introduction…….…….45

5.1 Infant Mortality……....45

5.2 Child Mortality ……46

5.3 Conclusion……...47

5.4 Recommendations……48

REFERENCES……..50

APPENDICES ……..58
