Dear Ayanda Zwane

Re: Corrections: Carmen Volkwyn 0705881J MA Organisational Psychology Research Report.

I have read the corrections made by Carmen Volkwyn to improve her Masters research report entitled: The relationship between sex role identity and perceptions of ethical behaviour. I also scanned the first draft for plagiarism on SAKAI and asked Carmen to make changes to the research report.

I would like to recommend that Carmen should submit her final research report to Faculty.

Yours Sincerely

Calvin Gwandure (PhD)

(Senior Lecturer in Psychology).
