Title: Platelet count trends in pregnant women who have pre-eclampsia with thrombocytopenia

Dr MA Peprah has been awarded her MMed in Obstetrics and Gynaecology subject to minor corrections.

I have received a letter from her supervisor (Prof E Buchmann) stating that she has made the corrections as suggested by the examiners.

I am satified that her amendments meet the requirements of the examiners. In my opinion, she should be awarded the Mmed degree.

Thank you

Thank you
