LIST OF FIGURES	6
LIST OF TABLES	13
LIST OF PLATES	16
LIST OF ABBREVIATIONS	17
CHAPTER 1. INTRODUCTION	20
1.1 Introductory Remarks	20
1.2 Aim of the Study	21
1.3 Outline of the Study	21
1.4 Problem Defined in the Study	23
1.5 Definitions	25
1.5.1 Downscaling, rightsizing, rationalisation and retrenchments	25
1.5.2 Sustainable development	26
1.5.3 Gold Crisis Committee	27
1.6 Research Methodology	27
1.6.1 Research method and design	27
1.6.2 Delineation of case studies	27
1.6.3 Information gathering	28

CHAPTER 2. HISTORICAL DEVELOPMENT OF SOUTH AFRICA'S MINING INDUSTRY AND LABOUR MARKET IN THE DIAMOND AND GOLD MINING INDUSTRIES	30
2.1 Introduction	30
2.2 Indigenous Mining in South Africa and Southern Africa	30
2.2.1 Non-metal mining	30
2.2.2 Metal mining	31
2.2.3 Decline of indigenous mining	34
2.3 Historical Developments and Labour Market of South Africa's Morden Mining Industry	34
2.3.1 Diamond rush and its labour market	35
2.3.2 Gold rush and its labour market	45
2.4 Discussion	53
2.5 Summary	57
 CHAPTER 3. STATUS OF SOUTH AFRICA'S MINING INDUSTRY AND LABOUR TRENDS	 58
3.1 Introduction	58
3.2 Governance Structures and Stakeholders in South Africa's Mining Industry	58
3.2.1 Roles and functions of government	58
3.2.2 Mining related government agencies	60
3.2.3 Unions in the mining industry	66
3.2.4 Business	69
3.2.5 Communities	74
3.3 Status of South Africa's Mining Industry	74
3.3.1 South Africa's mineral resource base	74

	Page
3.3.2 South Africa's current mineral production and sales	75
3.3.3 Historic trends of South Africa's mineral sales	77
3.3.4 Mining's role in the national economy	77
3.3.5 Mining's role in the provinces	82
3.3.6 Employment in the mining industry	83
3.4 Discussion	92
3.5 Summary	98

CHAPTER 4. THE SOUTH AFRICAN GOLD MINING INDUSTRY: CURRENT STATUS

	100
4.1 South Africa's Gold Occurrences	100
4.2 Gold Resources	102
4.3 Gold Production	103
4.3.1 South Africa's gold production	103
4.3.2 World gold production vs South Africa's gold production	104
4.4 Economic Contribution of Gold Mining	105
4.4.1 Employment in the gold mining industry	105
4.4.2 Beneficiaries of gold mining proceeds	106
4.4.3 Foreign exchange earnings, Gross Domestic Product and multiplier effects	107
4.5 Transformation in the Gold Mining Industry	108
4.6 Environmental Impact and Downscaling in the Gold Mines	109
4.6.1 Water pollution	109
4.6.2 Dust pollution	113
4.6.3 Other types of environmental degradation	113
4.7 Discussion	117
4.8 Summary	119

CHAPTER 5. ANALYSIS OF EVENTS AND FACTORS THAT LED TO DOWNSCALING AND THE GOLD CRISIS	120
5.1 Introduction	120
5.2 Employment Trends in South Africa's Gold Mining Industry: 1960-2004	125
5.3 Role of Selected Business Factors in South Africa's Gold Mines	127
5.3.1 Analysis of correlations of business factors with employment	127
5.3.2 Overall trend between 1960 and 2004	129
5.3.3 Period 1 - Stable Period (1960-1975)	137
5.3.4 Period 2 - Expansion Period (1975-1987)	143
5.3.5 Period 3 - Downscaling and Crisis Period (1987-2004)	149
5.4 Discussion	160
5.5 Summary	174
 CHAPTER 6. STATISTICAL ANALYSIS INTO FACTORS INFLUENCING IN SOUTH AFRICA'S GOLD MINING INDUSTRY	 195
6.1 Introduction	195
6.2 Methodology	195
6.2.1 Regression	195
6.2.2 Analysis of Variance	197
6.3 Results	197
6.3.1 Anova	197
6.3.2 Overall period (1960-2004)	199
6.3.3 Period 1 (1960-1975)	202
6.3.4 Period 2 (1976-1987)	204
6.3.5 Period 3 (1988-2004)	205
6.4 Discussion	206
6.5 Summary	210

	Page
CHAPTER 7. NATIONAL INITIATIVES TO MANAGE DOWNSCALING AND THE GOLD CRISIS	212
7.1 Introduction	212
7.2 Tripartite Forums	213
7.2.1 Gold Mining Summit	213
7.2.2 The Gold Crisis Committee	213
7.3 Mining Summit	224
7.4 Sector Partnerships Committee	225
7.5 Advisory Board	231
7.5.1 The Advisory Board structure	231
7.6 Policy Initiatives to Address Downscaling	232
7.6.1 Minerals and mining policy development: The traditional approach	232
7.6.2 Minerals and mining policy development: The South African approach	234
7.7 Discussion	236
7.8 Summary	248
 CHAPTER 8. CASE STUDY: ANALYSIS OF MANAGEMENT OF DOWNSCALING AT DRIEFONTEIN GOLD MINE.	 251
8.1 Introduction	251
8.2 Location of Driefontein Gold Mine	251
8.3 Geology and Gold Reefs	253
8.4 Mining	253
8.5 Analysis of Selected Business Factors During the Downscaling Period (Period 3) at Driefontein Gold Mine	254
8.5.1 Employment at Driefontein Gold Mine	254
8.5.2 Gold price and employment	255

	Page
8.5.3 Ore milled and employment	256
8.5.4 Gold produced and employment	257
8.5.5 Gold grades and employment	258
8.5.6 Real rand working revenue and employment	258
8.5.7 Real rand working costs and employment	259
8.5.8 Real rand working profits and employment	259
8.5.9 Productivity in terms of ore milled per employee and employment	260
8.5.10 Productivity in terms of gold produced per employee and employment	261
8.5.11 Institutional gold holdings and employment	261
8.6 Management of Downscaling and the Gold Crisis at Driefontein	262
8.6.1 Commencement of downscaling and the gold crisis at Driefontein	262
8.6.2 Analysis of the management of downscaling and the gold crisis at Driefontein	262
8.7 Discussion	272
8.8 Summary	281

CHAPTER 9. INTERNATIONAL EXAMPLES ON THE MANAGEMENT OF DOWNSCALING	295
9.1 Introduction	295
9.2 Canada: Management of Downscaling in the Mining Industry	295
9.2.1 Background	295
9.2.2 Downscaling in Canada's gold and coal mining industries	296
9.2.3 Selected national, provincial and territorial initiatives to promote mining and address downscaling in Canada	299
9.2.4 Case studies on downscaling in Canada's mining industry	304

	Page
9.2.5 Summary and comparative analysis between Canada and South Africa on initiatives relating to downscaling	313
9.3 United Kingdom: Management of Downscaling in the Mining Industry	318
9.3.1 Background	318
9.3.2 Downscaling in United Kingdom's coal mining industry	318
9.3.3 Selected United Kingdom's national initiatives to address downscaling	320
9.3.4 Case study of downscaling in the United Kingdom	322
9.3.5 Summary and comparative analysis between the United Kingdom and South Africa on initiatives relating to downscaling	325
9.4 Poland: Management of Downscaling in the mining industry	330
9.4.1 Overview	330
9.4.2 Background on coal mining in Poland	330
9.4.3 Selected Poland's national initiatives to address downscaling	331
9.4.4 Summary and comparative analysis between Poland and South Africa on initiatives relating to downscaling	333
9.5 Australia: Selected Examples of Downscaling in the Mining Industry	336
9.5.1 Introduction	336
9.5.2 Summary and comparative analysis of the management of downscaling at selected Australian mines and South African mines	336
9.6 Discussion	339
9.7 Summary	346

	Page
CHAPTER 10. FUTURE DEVELOPMENTS IN EMPLOYMENT	
IN SOUTH AFRICA’S MINING INDUSTRY	348
10.1 Introduction	348
10.2 Economic Factors	348
10.2.1 Gold price	348
10.2.2 Working costs	350
10.2.3 Working profits	351
10.2.4 Ore milled, Ore treated and Gold produced	352
10.2.5 Geological conditions	353
10.2.6 Investment in exploration and geological infrastructure	355
10.3 Socio-Political Environment	357
10.3.1 Policy and stable political environment	357
10.3.2 Social environment and human resources	358
10.3.3 Administrative factors	363
10.3.4 Catastrophic factors	363
10.4 Discussion	364
10.5 Summary	367

	Page
CHAPTER 11. STRATEGY TO MANAGE DOWNSCALINING IN SOUTH AFRICA'S GOLD MINING INDUSTRY	369
11.1 Introduction	369
11.2 Current Official Government Process of Managing Retrenchments in Terms of the Social and Labour Plan Guidelines in South Africa	369
11.3 Proposed New Strategy for Managing Downscaling in South Africa's Gold Mining Industry	370
11.3.1 National management process	370
11.3.2 Mine management process	378
11.3.3 Local community management process	381
11.3.4 Environmental issues	383
11.4 Discussion	384
11.5 Summary	389
 CHAPTER 12. CONCLUSIONS AND RECOMMENDATIONS	 391
12.1 Importance of Labour in Pre-modern Mining and Early Modern Mining	391
12.2 Status of South Africa's Mining Industry	392
12.3 The Gold Mining Industry and Downscaling	393
12.4 Events and Factors that Led to Downscaling	394
12.5 National Initiatives to Manage Downscaling	397
12.6 Management of Downscaling at Driefontein	398
12.7 International Experiences	401
12.8 Strategy to Manage Downscaling in South Africa's Gold Mining Industry	401

	Page
12.9 The Future and Summary of Recommendations	402
12.9.1 Key recommendations in respect of economic factors	402
12.9.2 Key recommendations in respect of socio-political and governance factors	405
12.9.3 Key recommendations in respect of institutional support factors	407
12.9.4 Key recommendations in respect of environmental factors	408
12.9.5 Legislative requirements	409
