Re: Corrections to MSc dissertation: Mrs Cornelia Huysamen (student number 771603)

Title: The Ability of Physiotherapists and Physiotherapy Students to Evaluate and Classify Lumbar Movement Control by using Lumbo-Pelvic Movement Control Tests

I have read through the examiners' reports and the corrected document of this MSc research report. I am satisfied that the student has taken heed of the examiners' comments and corrected the document appropriately.

Yours faithfully

Kind regards
