

DEDICATION

I dedicate this thesis to my Heavenly Father for the wisdom, knowledge and strength that He imparted into me. To my supervisor, Dr L.M. Moshoeshoe, thank you for your assiduous patience, attention and efforts toward making this research a success.

To my daughter, Khae Joy Mamphogoro, you are the reason why I even want to study further. To my family, the descendants of the late Mr Sampson Tshamano Mamphogoro and Mrs Florah Fulufhelo Mamphogoro, words cannot even begin to describe my gratitude to you but THANK YOU.
