

APPENDIX A: PAPER-BASED RESEARCH TOOL

COACHING AND SOCIAL WORK

Good day, Sir/ Madam

My name is Maxine Dorkin. I am registered for the degree M.A. in Social Work at the University of the Witwatersrand. As part of the requirements for my degree I am undertaking a research project. The purpose of the study is to explore coaching as a method of social work intervention. This study will prove beneficial to the social work profession and particularly to the field of industrial social work.

I wish to invite you to participate in my research project. The procedure for participation will include completion of an email questionnaire which will take approximately 20-25 minutes to complete. Confidentiality of all responses will be maintained. Participation is entirely voluntary and refusal to participate will not be held against individuals in any way. As a participant in this study you are free to withdraw from the study at any time and are not obliged to answer any questions that make you feel uncomfortable. Summary of results of the study will be made available at a South African Occupational Social Workers Association meeting. An abstract of results will also be made available via email and upon request.

My contact details are below; please feel free to make contact with either me or my research supervisor should you have any questions regarding the study. Thank you for taking the time to consider participating in this research study.

Contact details are as follows:

1 = strongly disagree 2 = disagree
 3 = slightly disagree 4 = slightly agree
 5 = agree 6 = strongly agree

1	Most people see me as a nice person	
2	I am a very patient person	
3	I am comfortable expressing my feelings to other people.	
4	I define problems before solving them, thus avoiding imposing my predetermined solutions	
5	I often offer my help to people who need me.	
6	I try to define problems in several different ways.	
7	I try to be flexible in the way I approach a problem not relying on past concepts or practice.	
8	People often come to me for information or advice	
9	I try to unfreeze my thinking by asking lots of questions	

	about the nature of problems.	
10	I try to apply both logic and intuition to problems.	
11	I openly show my excitement when other people succeed.	
12	I strive to look at problems from different perspectives so as to generate multiple definitions.	
13	I believe that leaders should be more concerned about employees.	
14	I often break the problem down into smaller components and analyse each one separately.	
15	I strive to generate multiple creative solutions to problems.	
16	I tend to stay calm in stressful situations.	
17	Most people see me as an optimist.	
18	I feel comfortable in supporting a person who comes to me in tears.	
19	When I provide criticism, most people regard it as constructive.	
20	I believe that mistakes should be avoided at all cost.	
21	People often come to me with their problems.	
22	I can be trusted to keep a secret.	
23	People are open to admitting their shortcomings to me.	
24	I always give detailed feedback to people.	
25	When I make a suggestion, people take it seriously.	
26	I communicate very clearly.	
27	I am a good listener.	
28	I have a good relationship with people in other departments	
29	People at lower levels of the organisation find me very approachable.	

30	I like to coach other people in how to do things
