November 2010

ACKNOWLEDGMENTS

First and foremost I would like to thank my Dad, Roger. It is because of you that I have made it this far, thank you for believing in me, for always being there to give advice, love and support. I owe you everything.

To my family and friends, thank you for your patience and kindness. To Oliver, thank you for all the love, encouragement and understanding you have showed me this year. Lizette, thank for your honesty, wisdom, warmth and guidance.

I would also like to express my sincerest thanks to my Supervisor, Renate Gericke, for all of the guidance, support and enthusiasm that you have showed throughout, you made it an exciting process.

TABLE OF CONTENTS

Abstract	i
Declaration	ii
Acknowledgments	iii
Table of contents	iv
Chapter 1	**1**
Introduction	1
Research aims	4
Chapter 2	**5**
2.1 Personality Development	5
2.2 Personality Disorders	8
2.3 Clinicians for and against the diagnosis of Personality Disorders in children and adolescents	10
2.4 Prevalence	14
2.5 Reasons for Personality Disorder diagnosis in children and adolescents	15
2.6 The DSM IV TR as a measure of Personality Disorders in children and adolescents	18
2.7 Symptoms relevant to Borderline, Narcissistic and Antisocial	23
2.8 Conduct Disorder and Antisocial Personality Disorder diagnoses	25
2.9 The developmental appropriateness of symptoms	26
2.10 Conclusion of Literature review	27
Chapter 3: Methods	**29**
3.1 Research Questions	29

3.2 Research Design 29

3.3 Sample 30

3.4 Procedure 31

3.5 Ethical Considerations 34

3.6 Data Analysis 36

Chapter 4: Results **38**

Chapter 5: Discussion **56**

5.1 The symptomology profile of Cluster B disorders

Borderline Symptoms 56

Narcissistic Symptoms 58

Antisocial Symptoms 59

5.2 Difference in presentation between childhood and adolescence 61

5.3 The use of an overall Cluster B type 63

5.4 Applicability of the DSM-IV-TR 64

5.5 Correlations seen between the Borderline, Narcissistic and Antisocial groups 66

Chapter 6 Conclusion **69**

6.1 Limitations of this study 70

6.2 Future research 70
