Confirmation of corrections: MMed (Family medicine) research report:
Dr BJ Ndagano, Student number: 700244

This serves to confirm that Dr Ndagano has completed the corrections specified by the examiners and the supervisor to my satisfaction as Head of Division: Family medicine. The student may therefore proceed to submit the corrected version of the research report "**Household food insecurity and disease profile among underweight children aged between 6 and 60 months admitted to the Potchefstroom hospital, North-West province**" to the Postgraduate office.

Having been successful at the exit FCFP (SA) part A examination of the colleges of Medicine of South Africa, the student is recommended for graduation at the next convocation ceremony, subject to fulfilling other requirements for the MMed (Family medicine) degree.
