To Brenda May Smith and Frederick Peter Kuhnert whose lives, wisdom and love have inspired me in so many ways.

"For what is it to die but to stand in the sun and melt into the wind? And when the earth has claimed all our limbs then we shall truly dance."

Kahlil Gibran

You are both sorely missed.

Acknowledgements

I would like to thank Professor Penn for all her guidance, patience and flexibility.

Many thanks to Jenny Watermeyer for all her help with tracking down archived data.

I would also like to thank the National Research Foundation without whose funding this project would not have been possible.

To my family for all their help and support throughout this process, I could not have done it without you.

And finally to my husband, to my unfaltering rock and eternal optimist, without you this project would never have been possible.
