Chapter 1

The global burden of Tuberculosis (TB)

1.1 INTRODUCTION 1

1.2 THE GLOBAL PROBLEM OF TB 1-4

1.3 THE BURDEN OF TB IN THE SUB-SAHARAN AFRICA & SOUTH AFRICA..... 4-7

1.3.1 The relationship between TB and HIV.....7-10

1.3.2 Socio-economic factors contributing to TB.....11-13

1.3.2.1 The homeless people.....13-14

1.3.2.2 Displaced populations.....14-16

1.3.3 THE BURDEN OF TB ON THE ECONOMY.....17-20

1.3.3.1 Is financing of TB programmes sustainable? 20

1.3.4 CONCLUSION 21

Chapter 2

The DOTS strategy

2.1 INTRODUCTION.....22

2.2 THE DOTS STRATEGY 22-23

2.2.1 Why DOTS strategy was recommended? 23-25

2.2.1.1 Initial phase of DOTS..... 23-24
2.2.1.2 Continuation phase of DOTS 24-25

2.2.2 FIVE ELEMENTS OF THE DOTS STRATEGY.....25-42
2.2.2.1 Political commitment with increased and sustained financing..... 26-30
2.2.2.2 Case detection through quality-assured bacteriology..... 31-32
2.2.2.3 *Standardised treatment, with supervision and patient support*..... 33-34
2.2.2.4 Disruption of drug supply.....35-38
2.2.2.5 Monitoring and evaluation system, and impact measurement.....38-39

Others factors that are important to ensure adequate and accessible TB care.

2.2.2.6 Strengthening the established infrastructure..... 39-40
2.2.2.7 Support the required infrastructure..... 40
2.2.2.8 Systematically appraising each area before it starts service delivery.....40-41
2.2.2.9 Maintaining focus and priorities.....41-42

2.3 REASONS WHY DOTS STRATEGY IS NOT EFFECTIVE.....42-44
2.4 CHALLENGES FACING THE SOUTH AFRICAN DOTS PROGRAMME.....44-46
2.5 CONCLUSION.....47

Chapter 3

Problems with non-adherence and the emergence of drug-resistance

3.1 INTRODUCTION 48

3.2 THE PROBLEM OF NON-ADHERENCE..... 49-54

3.3 LACK OF SKILLED HEALTHCARE PERSONNEL.....54-55

3.4 COUNTERFEIT DRUGS..... 55-59
3.4.1 What is counterfeit medication? 56-59

3.5 ACCESS TO HEALTHCARE 59-66
3.5.1 Physical accessibility 60
3.5.2 Economic inaccessibility.....61-63
3.5.3 Quality of care 63-64
3.5.4 Access to good quality care services is still inequitable in rural areas..... 64-66

3.6 PROGRESSIVE REALISATION OF RIGHTS.....66-68

3.7 CONCLUSION 69

Chapter 4

Is there a moral duty for patients to adhere to TB treatment? Factors contributing to non-adherence

4.1 INTRODUCTION 70

4.2 ADHERENCE: CULTURE AND MYTHS 71-84

4.3 ADHERENCE: INFLUENCE OF CULTURE..... 84-89

4.4 ADHERENCE: ADVERSE SIDE EFFECTS OF DRUGS.....90-93

4.5 ADHERENCE: AN ETHICAL ANALYSIS 93-96

4.6 CONCLUSION 97

Chapter 5

The government's obligation to public health

5.1 INTRODUCTION 98

5.2 ESSENTIAL PRINCIPLES FOR EVALUATION OF PUBLIC HEALTH INTERVENTIONS 98-108

5.2.1 Principle 1: The harm principle 99-103

Table of contents Page

5.2.2 Principle 2: Caring for the vulnerable ……103-105
5.2.3 Principle 3: Autonomy and Consent……106-108

5.3 THE INTERVENTION LADDER…… 108-113
5.3.1 Compulsory quarantine and Isolation…… 109-114

5.4 CONCLUSION ……..115

Chapter 6

An ethics framework for public health

6.1 INTRODUCTION ……..115-116

6.2 An ethics framework for public health……116
6.2.1 What are the public health goals of the DOTS programme in South Africa ……116-118
6.2.2 Is the DOTS programme effective……118-123
6.2.3 In South Africa what is known about the problems facing its implementation?.....124-126
6.2.4 Can burdens be minimized? Are there alternative approaches?.....126-127
6.2.5 Is the DOTS programme implemented fairly……127-131
6.2.6 How can the benefits and burdens of a programme be fairly balanced……131-137

6.3 CONCLUSION……138

Chapter 7

CONCLUDING REMARKS……139-154

LIST OF ANNEXURES……155

Annexure 1: Request for waiver from the research ethics committee

Annexure 2: Waiver from the research ethics committee
