

AFRICA EVALUATION INDABA

ONLINE SERIES

Transforming
Evaluation
for Equity and
Social Justice

22-24 NOVEMBER 2022

The **Africa Evaluation Indaba** is a coming together of M&E practitioners and evaluation stakeholders across the continent to:

- Celebrate evaluation on the continent.
- Look at how far we have come in our efforts to indigenize evaluation.
- Look to the future and engage on how we will take the indigenization agenda forward.

The Indaba is inspired by our commitment to the Made-in-Africa evaluation agenda. It is the continuation of a long-term conversation and engagement around indigenization of evaluation – creating a platform for M&E practitioners and academics to share experiences, approaches, methods and practices that honour indigenous ways of knowing, methods and approaches fit for the African context.
