Table of content	vi
List of figures	x
List of tables	xi
List of plates	xii
Acronyms	xiii
CHAPTER ONE	1
1.0 Introduction	1
1.1 Rational of the study	7
1.2 Aim and objectives	8
1.3 Summary	9
 CHAPTER TWO	 10
 Vulnerability and adaptation to climate variability and extreme (flood)	 10
2.0 Introduction	10
2.1 Flood and climate variability	10
2.2 Determinants of vulnerability and adaptation	12
2.3 Climate variability and human health	17
2.4 Wildlife and eco-tourism	18

2.5	Fisheries and climate variability	18
2.6	Climate variability and water resources	19
2.7	Global Environmental change and human security	19
2.8	Climate variability and social resilience	21
2.10	Conceptual framework	22
2.11	Vulnerability	22
2.12	Adaptation and adaptive capacity	25
2.13	Summary	28

CHAPTER THREE 29

<i>Background to the study and methods</i>	29
3.0 Introduction	29
3.1 Location/position of Nigeria	29
3.2 Relief of Nigeria	29
3.3 Environmental problems in Nigeria	31
3.4 Niger State	31
3.5 River Kaduna	32
3.6 Shiroro Local Government Area	34
3.10 Methodology	36
3.11 Study design	36
3.12 Reconnaissance survey	37
3.13 Sampling	37
3.14 Data collection	38
3.15 Problems encountered in the field	39
3.16 Method of data analysis	41
3.17 Summary	42

CHAPTER FOUR

43

<i>Analysis and results</i>	43
4.0 Introduction	43
4.1 Climate of Nigeria	43
4.2 Rainfall variability in Niger State and flood flow variability of the Kaduna River	45
4.2.1 Annual rainfall pattern	45
4.3 River Kaduna floods and flow variability	50
4.3.1 Introduction	50
4.3.2 Annual and seasonal flood variability	50
4.3.3 Seasonal flood variability	50
4.3.4 Annual flood variability	51
4.4 Impacts of some of the significant flood events on the communities along the Kaduna River at Shiroro Local Government Area of Niger	58
4.4.1 Introduction	58
4.5 Review of some of the significant flood events along the Kaduna River at Shiroro Local Government Area	63
4.6 Summary	66

CHAPTER FIVE

67

Socio-economic and physical factors increasing vulnerability to flood	67
5.0 Introduction	67
5.1 Transect through Kuta and Galadima-Kogo	67
5.2 Socio-economic status	71
5.3 Agriculture	75
5.4 Water resources	77
5.5 Human health	79
5.6 Transportation and communication	79
5.7 Education	80

5.8	Perception of flood by the communities	81
5.9	Impacts of flood on the livelihood and food security in Shiroro LGA	82
5.10	Impacts of Shiroro dam on the communities upstream and downstream of the dam	84
5.11	Chronology of the flood events	86
5.12	Summary	88
 CHAPTER SIX		 89
<i>Household vulnerability and adaptation strategies and adaptive capacity</i>		89
6.0	Introduction	89
6.1	Household vulnerability	89
6.2	Adaptive strategies and adaptive capacity	99
6.3	Summary	110
 CHAPTER SEVEN		 111
7.0	Conclusions	111
7.1	Causes of flooding along River Kaduna	111
7.2	Factors that act to influence vulnerability and adaptive capacity to flooding along the Kaduna River	113
7.3	The vulnerable groups within the communities	116
7.4	Household coping strategies among the communities	118
7.5	Impacts of Shiroro dam on the communities	119
7.6	Recommendations	120
<i>References</i>		125
<i>Appendices</i>		140
<i>Glossary</i>		148
