Optimization of Integrated Water and Multiregenerator Membrane Systems

by

Musah Abass (920978)

A thesis submitted in partial fulfilment of the requirements for the degree

of

Doctor of Philosophy (Chemical Engineering)

Submitted to

School of Chemical and Metallurgical Engineering, Faculty of Engineering and the Built Environment, University of the Witwatersrand, Johannesburg, South Africa

Supervisor: Prof. Thokozani Majozi

26 September 2017
