ABBREVIATIONS

AIDS - Acquired Immune Deficiency Syndrome

ARV- Anti Retroviral

CSO - Central Statistics Office

DHS - Demographic and Health Survey

HIV- Human Immunodeficiency Virus

MDG - Millennium Development Goals

OR - Odds Ratios

UN - United Nations

ZDHS - Zimbabwe Demographic and Health Survey

Contents:

Acknowledgements....3
Abbreviations....4
List of Tables....7
List of Figures....8
Abstract....9
Chapter1....10
Introduction....10

1.1 Background....10
1.2 Problem Statement....15
1.3 Research Question....16
1.4 Research Objectives....16
1.4.1 General Objective....16
1.4.2 Specific Objectives....16
1.5 Justification....16
1.6 Definition of Key Terms....18
1.6.1 Mothers' Age at first birth....18
1.6.2 Infant Mortality....18
1.6.3 Adolescents....18
1.6.4 Adults....18

Chapter 2....19

2.1 Literature Review and Conceptual Framework....19

2.1.1 Infant Mortality....19
2.1.2 Infant Mortality in Sub-Saharan Africa....19
2.1.3 Infant Mortality in Zimbabwe....22
2.1.4 Mother's Age at first birth....24

2.2 Theoretical and Conceptual framework....27
2.3 Study hypotheses....27

Chapter 3....29

Methodology....29
3.1 Introduction....29
3.2 Place of Study....29
3.3 Data Source....29
3.4 Study Design....30
3.4.1 Study Population....30
3.4.2 Sample Size....30
3.4.3 Questionnaire Design....30
3.5 Variables Used in the Data Analysis....31
3.5.1 Dependent Variable....31
3.5.2 Independent Variables....31
3.6 Ethical Considerations....35
3.7 Data Management....35
3.8 Data Analysis....36

3.8.1 Univariate Analysis....36
3.8.2 Bivariate Analysis....36

3.8.3 Multivariate Analysis....36

Chapter 4....38
Results....38
4.1 Univariate Analysis....38
4.2 Bivariate Analysis....45
4.3 Multivariate Analysis....48

Chapter 5....53
Discussion....53

Chapter 6....57
Conclusion and Recommendations....57
6.1 Conclusions....57
6.2 Recommendations....59
6.3 Limitations....60
6.3.1 Missing Data....60
6.3.2 Recall Bias....60
6.3.3 Definitions of the Independent Variables....60
6.3.4 Temporality....60
6.3.5 Confounding....60

References List....61
Appendices....64

List of Tables:

Table 1: Defining the outcome variable, infant mortality.....31
Table 2: The definitions of variables from the 2005-2006 ZHDS used in the study.....34
Table 3: Frequency and percentage distributions of Zimbabwean women who had at least one child in the last five years, according to selected characteristics, 2005-2006 Zimbabwe Demographic and Health Survey.....38
Table 4: Frequency and percentage distributions of Zimbabwean women who experience infant mortality in the last five years, according to selected characteristics, 2005-2006 Zimbabwe Demographic and Health Survey.....42
Table 5: Unadjusted odds ratios, p-values and confidence intervals from the binary logistic regression to identify the association between selected characteristics of women and infant mortality in Zimbabwe 2005-2006 45
Table 6: Adjusted odds ratios p-values and confidence intervals from multivariate logistic regression examining the likelihood of infant mortality of women in Zimbabwe 2005-2006, according to the specified characteristics.....48
Table 7: Odds Ratios, p-values and confidence intervals from the stepwise model: including significant variables from the multivariate model, in relation to the risk of infant mortality of Zimbabwean women 2005-2006.....51
