WITWATERSRAND,
JOHANNESBURG

30th July 2015

LETTER OF RECOMMENDAATION – DR. AFSANA KAJEE

Dr. Kajee completed her training in neurosurgery in this department.

She was exemplary and hardworking, resourceful and conscientious.

She was a core member of the team and at an academic level, a high achiever, completing this difficult and demanding course within the prescribed time.

She is now set to embark on a career of neurosurgery that, I have no doubt, will take her to lofty heights in the discipline, given her track record at this institution.

I recommend her to you without any reservations at all.

She will be a most valued asset in any department that she joins in the future.

As a department, we wish her all the best and look forward to hearing of her future achievements and accomplishments.

Yours sincerely,

John Ouma

John R. Ouma
