Consent To Participate In A Research Study

Terms Of Participation

1) Your participation in this study is voluntary. If you feel that you are unable to participate in this study at any time, or that you do not wish to continue you are welcome to withdraw.

2) If you decide to participate, the questionnaire is expected to take a maximum time of between 15 and 20 minutes to complete. You will be able to complete it in your own time as it is self-administered online.

3) The interview will comprise of a series of questions- you are free to refuse to answer any of the questions you may feel uncomfortable with.

4) You are guaranteed anonymity. Your name will not appear in the research report, unless you specifically request it.

5) You will not be paid for participating in this research.

6) A copy of the research report will be made available to you if you wish.

Submission of the questionnaire implies consent to use your information for research purposes.

Once again thank you for your time.

I Have A Question Or Concern

Please feel free to contact me or my research supervisor if you have any further enquiries regarding the research
