EXAMINER’S COMMENTS				
No.	Description	Page	Section	Paragraph
1	<p>This is too broad, title suggests awareness on sites.</p> <p><i>The third sentence has since been removed in order for aim of research to be focused.</i></p>	4	1.4	
2	<p>Where is the evidence that USA and UK have good track record on safety? Citation!</p> <p><i>The paragraph has been tweaked and citation included.</i></p>	9	2.3	1
3	<p>How was the selection of chosen international countries done?</p> <p><i>The international countries were randomly selected as they are developed compared to South Africa, the case of the study.</i></p>	12	2.4.1	
4	<p>Should be Objective.</p> <p><i>Sub-Question 1 maintained as per questionnaire utilised.</i></p>	77	4.4.1	
5	<p>Sub-Problem 4 should be Objective.</p> <p><i>Corrected to read Sub-Question 4 as per questionnaire utilised.</i></p>	102	4.4.4	
6	<p>“Stakeholders” does not show on heading (title).</p> <p><i>The research title has been amended to include “stakeholders” and now reads as, “Assessment of Stakeholders’ Awareness of the Construction Health and Safety Regulations on Construction Sites in South Africa”.</i></p>	133	5.4
