ACKNOWLEDGEMENTS

I would like to thank, foremost, my supervisor Dr Katherine Bain for your continued support, constant encouragement, commitment and your belief in me. Your encouraging words helped me persist throughout the process of writing up this thesis.

To Liz, Rita, Rona, Shirley, Winnie, Connie, Mandy and Nelly thank you for allowing me into your worlds. This thesis would not have been possible without you allowing me to tell your stories to the world. Thank you for your participation in this study.

A special thank you to my dear husband, Sean, for your continued support and understanding throughout the process of writing up this thesis.

To my daughter Seangie, thank you for making this research even more meaningful to me. Your arrival into my life could not have been more timely.
