APPENDIX 1

The five principles of the Jewish Defense League

AHAVAT YISROEL -- LOVE OF JEWRY

The Jewish Defense League came into being to educate the Jewish people to the concept of *Ahavat Yisroel* -- one Jewish people, indivisible and united, from which flows the love for and the feeling of pain of all Jews. It sees the need for a movement that is dedicated specifically to Jewish problems and that allocates its time, resources, energies and funds to Jews. It realizes that in the end -- with few exceptions -- the Jew can look to no one but another Jew for help and that the true solution to the Jewish problem is the liquidation of the Exile and the return of all Jews to Eretz Yisroel -- the land of Israel. It sees an immediate need to place Judaism over any other "ism" and ideology and calls for the use of the yardstick: "Is it good for Jews?"

HADAR -- DIGNITY AND PRIDE

JDL teaches the concept of *Hadar* -- pride in and knowledge of Jewish tradition, faith, culture, land, history, strength, pain and peoplehood. *Hadar* is the need to have pride in Judaism and not allow it to be disgraced and defiled by beating and desecration of Jewish honor. This is the concept that the great Jewish leader Zev Jabotinsky attempted to instill in the oppressed and degraded masses of Eastern Europe 60 years ago. The anti-Semite's hatred and contempt of the Jew is an attempt to degrade us. It is an attempt to instill within the Jew a feeling of inferiority. It is an attempt that, all too often, succeeds in promoting Jewish self-hatred and shame in an attempt to escape one's Jewishness. *Hadar* is pride. *Hadar* is self-respect. *Hadar* is dignity in being a Jew.

BARZEL -- IRON

JDL upholds the principle of *Barzel* -- iron -- the need to both move to help Jews everywhere and to change the Jewish image through sacrifice and all necessary means -- even strength, force and violence. The Galut image of the Jew as a weakling, as one who is easily stepped upon and who does not fight back is an image that must be changed. Not only does that image cause immediate harm to Jews but it is a self-perpetuating thing. Because a Jew runs away or because a Jew allows himself to be stepped upon, he guarantees that another Jew in the future will be attacked because of the image that he has perpetuated. JDL wants to create a physically strong, fearless and courageous Jew who fights back. We are changing an image, an image born of 2,000 years in the Galut, an

image that must be buried because it has buried us. We train ourselves for the defense of Jewish lives and Jewish rights. We learn how to fight physically, for it is better to know how and not have to, than have to and not know how.

MISHMAAT -- DISCIPLINE AND UNITY

Mishmaat -- discipline and dedication -- creates within the Jew the knowledge that he (or she) can and will do whatever must be done, and the unity and strength of willpower to bring this into reality. It was the lack of discipline and Jewish unity that led continually to the destruction of the Jewish people. It is Jewish unity and self-discipline that will lead to the triumph of the Jewish people.

BITACHON -- FAITH IN THE INDESTRUCTIBILITY OF THE JEWISH PEOPLE

Faith in the greatness and indestructibility of the Jewish people, our religion and our Land of Israel is *Bitachon*. It is a faith that is built by our belief in the Jewish G-d of Hosts and the incredible saga of Jewish history that has seen us overcome the flood of enemies that have arisen to wipe us out in every generation. It is this faith in the permanence and survival of the Jewish people that, in turn, gives faith in the ultimate success of the Jewish Defense League. No matter how difficult, no matter how impossible the task may seem -- if it is a good task, if it is a holy task -- it will succeed, because it must.

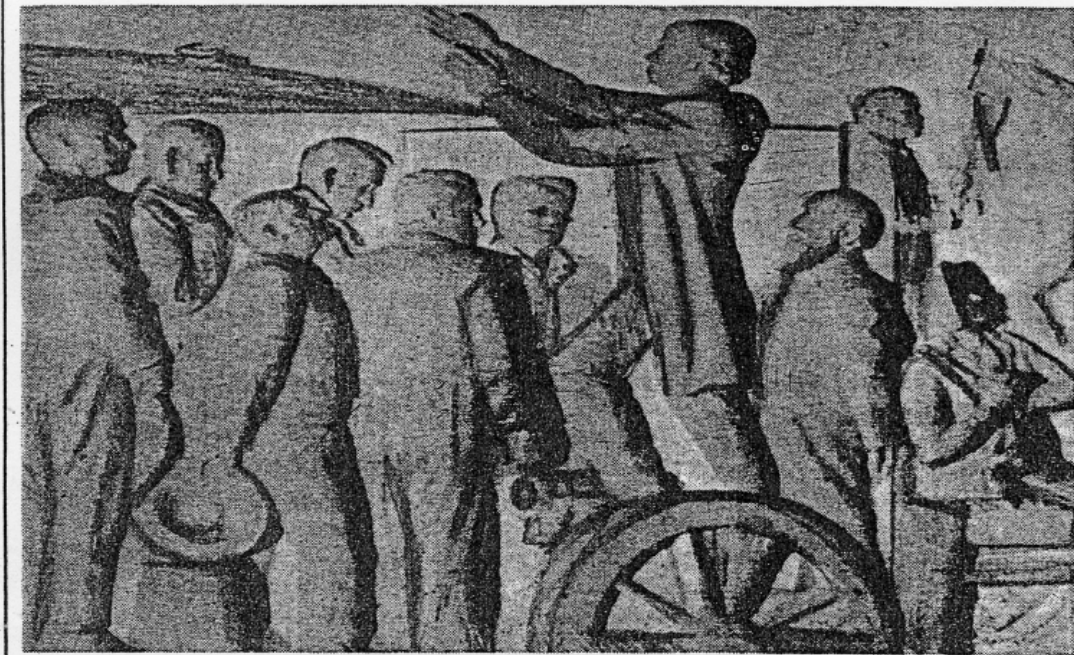

The sources for the philosophy and actions of the Jewish Defense League are Jewish sources. They stem from the wellsprings of Jewish tradition and have their roots in Jewish teachings. In the Bible, in the Talmud, in the teachings of our rabbis throughout the ages, in Jewish practice throughout history, the concepts of Ahavat Yisroel and Hadar Yisroel and the practices of Barzel Yisroel, Mishmaat Yisroel and Bitachon Yisroel are hallowed. At the same time, an eternal debt is owed to Jews of our age who also recognized that these concepts are indeed Jewish and who fought an assimilated Jewish tide to put them into practice. We refer to the great Zev Jabotinsky, his followers and his movement of which we consider ourselves a spiritual part. And sitting in Heaven righteously alongside Jabotinsky is the founder and forever spiritual leader of the Jewish Defense League, Rabbi Meir Kahane. May the Almighty grant us the understanding to recognize and act on our problems forthrightly and the courage to go out to battle against our enemies in the face of all obstacles -- from within and without.

Van Rensburg Prophecies Still Flawless

I noticed some stormfront discussion on the subject and thought I should address. Some people have highly overlooked something and have caused many to highly misunderstand. Although it doesn't change anything I believe, it may change some the Boers believe if they overlook the same.

Although Van Rensburg prophesized about a century ago that in the distant future a nigger will be released from jail to rule SA he did not connect it nor the death of the nigger to time. Two years ago it was only Adriaan Snyman, in his prophecy commentary, who said we were on schedule for Mandela's death. Thus it was not the prophet that was wrong but Adriaan Snyman.

What is very interesting is that Van Rensburg prophesized that when this nigger leader dies he would be balmed and lie in state in a glass coffin in Pretoria. He also

saw that hundreds of thousands of mourners from within South Africa as well as from abroad walk past the coffin and weep in mourning. Then at the seventh day at the funeral he saw a flame rising out of the grave and all the white people in Johannesburg (largest city in SA) are killed by the blacks as well as a huge number of whites of nearby Pretoria. He then saw smaller flames bursting out all over SA. He saw the Boers fleeing to the western side of the country (semi dessert and dessert) and only a third of them surviving the mass murder. Then he saw that the Boers would be greatly distressed. The remaining Boers will then, according to Van Rensburg consolidate and repent. He saw ships under the German flag landing at Luderitz (Namibia) under the German flag with weapons and aid for the Boers. At that time the Boers will accept a new religion. Then the Boers turn around and wipe out the blacks. He prophesized that at that time there will be a big disaster in Europe and vast amounts of refugees coming to South Africa. Thousands of tents in the Karroo (western side).

Everyone was amazed to read in the newspapers about six months ago that Mandela's coffin was already built in England and that it is a glass coffin. Van Rensburg also prophesized about treasures that are hidden by God in South Africa that will be mined at that time. Another woman prophet (Johanna Brandt) saw in her visions about ninety years ago about the mass murders and treasure.

AIDS Statistics

A lot of non-South African's recieve false information about the AIDS statistics. In Botswana infection reached 100% at the beginning of 2004. The staff in hospitals in South Africa are 70% infected. The state hospitals are 60% occupied by HIV/AIDS patients. They are using back hoes twelve hours a day to try and keep ahead digging graves. They are dying all over and the situation is growing worse by the day. Conservationists warned the other day that the rate of dying blacks are of concern because the underground water are getting polluted all over the country by the rotting corpses. The worst optimist is a HIV/AIDS infected black in South Africa buying a ticket for the world cup soccer in 2010. What I see is most blacks will die on their own and our God is paving the way.... Mainly all that is needed is some advanced sterilization technology LOLLOL....

Check the link above whoever is interested.

His writings also fascinated me, and struck me as genuine.

I will keep adding links as I find them.

This is becoming more and more interesting. It seems that the Dutch Seer had foreseen WWII!!!!!!

WWIII will be according to the seer, a standoff between the British and Americans versus Europe led by Grossdeutschland!!!!!!

READ the following: it made my hair stand on end, it really did!!!!!!!

*He then explained how we will get help from Germany:
"When these things start, a man rises up in Germany
who will take over the reins. They have been preparing
in secret for this takeover for many years. And the arms
that Germany will produce will be of such a nature that
many countries will be afraid of attacking them.*

*"They also become liberated, regain all their states in
Europe and become so powerful that I see it (Germany)
seated at the head of the table just after the Third World
War ends. England's place is empty as it isn't a nation
any longer. And now Germany gets an opportunity to
avenge all its men who were hanged after a war (the
Second World War?) and deliver the coup de grace to
England. Yes, it is Germany with its unbelievable
weapons which will destroy the Englishman for what
they had done to it (Germany) during WW2, and we also
owe them..."*

*...many people in the country will claim to be staunch Nationalists but their
only aim is to strengthen the hands of the enemy against us.*

*...However, when they (Anglo-Americans) are ready to attack the (Boer)
rebels (whites who are resisting), things will turn ugly and all their well-laid
plans will be destroyed.*

*It will be so horrific for them that they will flee, but it will not be of any use,
for many will die when we—as well as German forces—retaliate. They will
never be able to fight against us again.*

*"All those advanced secret weapons I wrote about earlier, will be used and
their destructive power will be like firebombs that can destroy large cities.
Smoke and fire will cover everything like a thick blanket for weeks—perhaps
months—and it will become dark early in the morning, while birds will nest
early.*

*A toxic gas will also kill silently in the cities without even cracking a window
pane. This will be released over port cities from German submarines and
warships and it will colour the sky a shiny yellow-orange hue which will be
seen daily on the horizon.*

"The war will not last long, but peace will only prevail once we have 'cleaned up' into the north. Many of the neighbouring states will then willingly reach out their hands to us..."

It blew my head off...It's all in the three links, Chapter 21, 22, and 23 in the website above...Amazing...

Images of celebrations by the AWB at the Voortrekker Monument

The picture above is an example of AWB parades. Young children form part of these parades. The recruiting of children by white supremacist groups on the Internet is on the increase and should not be underestimated. The picture here is reminiscent of the Hitler Youth or Pimfs.

This is an example of the emblem of the AWB. Note the similarity in colour and design to the Swastika. Terre'Blanche, though, has defended the emblem and denied any link to the Swastika, saying that it was the 3 sevens from the Bible.

This is a picture of an AWB march. The military attire is reminiscent of the Third Reich.

Picture of AWB members on horseback. This is reminiscent of the Anglo-Boer War (1899-1902) when there were Boer Commandos.

The picture is used as a background to the AWB web-site and shows the President of the then Transvaal, Paul Kruger.

Images of celebrations by the AWB at the Voortrekker Monument

This picture shows a gathering in front of the Voortrekker Monument. The monument in the background emphasises the importance attached to it as a symbol of Afrikanerdom for the 'Boers'.

The picture of the Voortrekker Monument is used as a background on the AWB web-site, again emphasising its importance as a symbol for this group.
