Dear Nico Venter

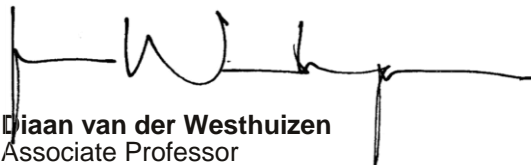

**Successful research project (ARPL7017) examination: Making Urban. The City 7.0:  
Rebuilding the South African City by Applying Measured Urbanisation**

On behalf of myself and Prof. Paul Kotzé, I would like to congratulate you on a successful presentation to the examination panel and completion of your Master of Urban Design degree. We would like to thank you for your hard work and dedication throughout the programme. Your work establishes a precedent of high quality and standard from which we will continue to build the degree programme.

As discussed over the phone, we request that you make a few minor corrections before submitting your final document.

You will always be welcome at any of our future activities, such as examinations, presentations, exhibitions, and our Wits urban design seminar. Once again, congratulations and all the best for your future.

Yours sincerely
