These are the list of corrections as requested by the examiner.

0.1 List of Corrections of Chapter Six

P.47 We define what the notation $g_k(n)$ stands for.

P.48 The word "is" is added.

P.49-50 More details are added for the manipulations of the generating function. The phrase "Now we can present... in this section" is replaced by "in the next subsection, we present...".

P.50-51 A clearer explanation of the proof of Theorem 6.3 is given.

P.55 A clearer explanation of the inverse map for the proof of Theorem 6.6 is given.
