

APPENDIX B

Appendix B.1: Excavated sites.

Appendix B.2: Iron Age sites in the survey zone identified by Tom Huffman.

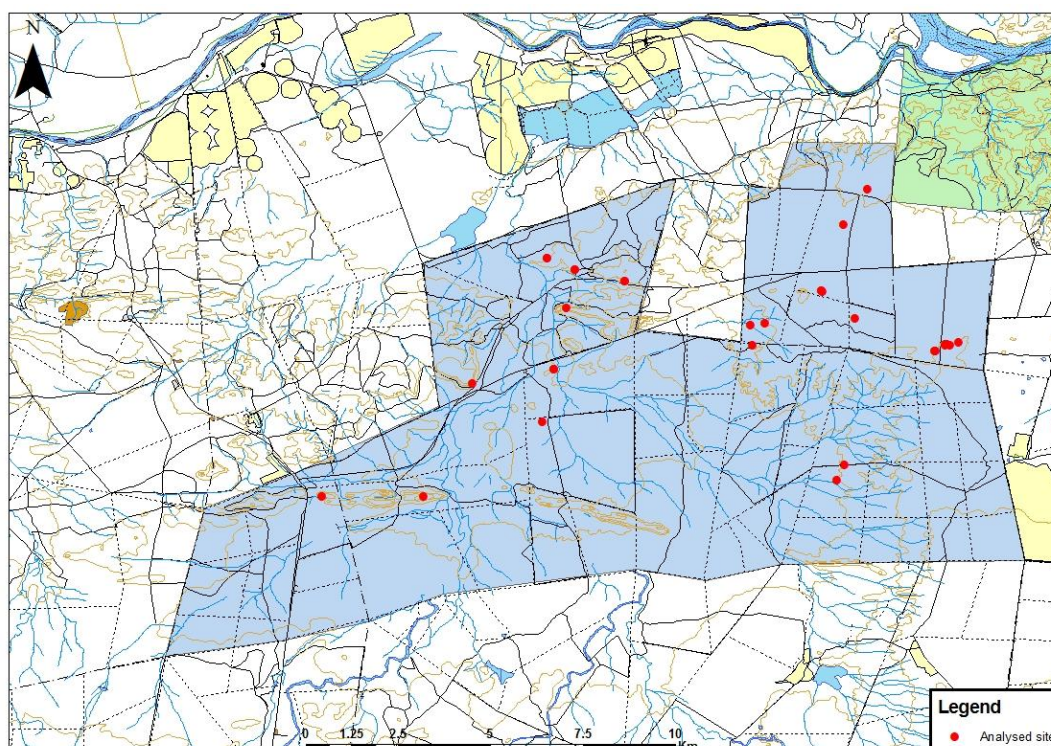

Appendix B.3: Rock art sites identified by Ed Eastwood.

Soil	0 no data 1 unconsolidated red/brown 2 consolidated red/brown 3 red/brown 4 pan clay 5 lake clay 6 alluvial soils 7 no soil 8 talus 9 little
Erosion	0 no data 1 extensive erosion 2 considerable erosion 3 slight erosion 4 stable 5 no erosion 6 depositional
Location	0 no data 1 river side/bed 2 pan side 3 lake side 4 flats 5 valley 6 koppie 7 koppie top 8 hill 9 hilltop 10 boulder 11 thicket 12 tree 13 rock outcrop 14 shelter 15 between koppies 16 escarpment edge
Habitat type	0 no data 1 dense 2 open 3 mixed

Grass cover	0 no data 1 1-25% 2 25-50% 3 50-75% 4 75-100%
Animal activity	0 no data 1 small animal burrowing 2 large animal burrowing 3 trampling and burrowing 4 large/small burrows 5 trampling 6 none 7 little
Natural features	0 no data 1 undulating 2 punctuated kopjes 3 valleys 4 hills 5 visible water 6 dunes 7 mound 8 flats 9 plateau edge 10 hill ridge
Human activity	0 no data 1 farming settlement 2 herder settlement 3 european settlement 4 kraal 5 road 6 none 7 stone circle 8 hearth 9 burial 10 kraal 11 little

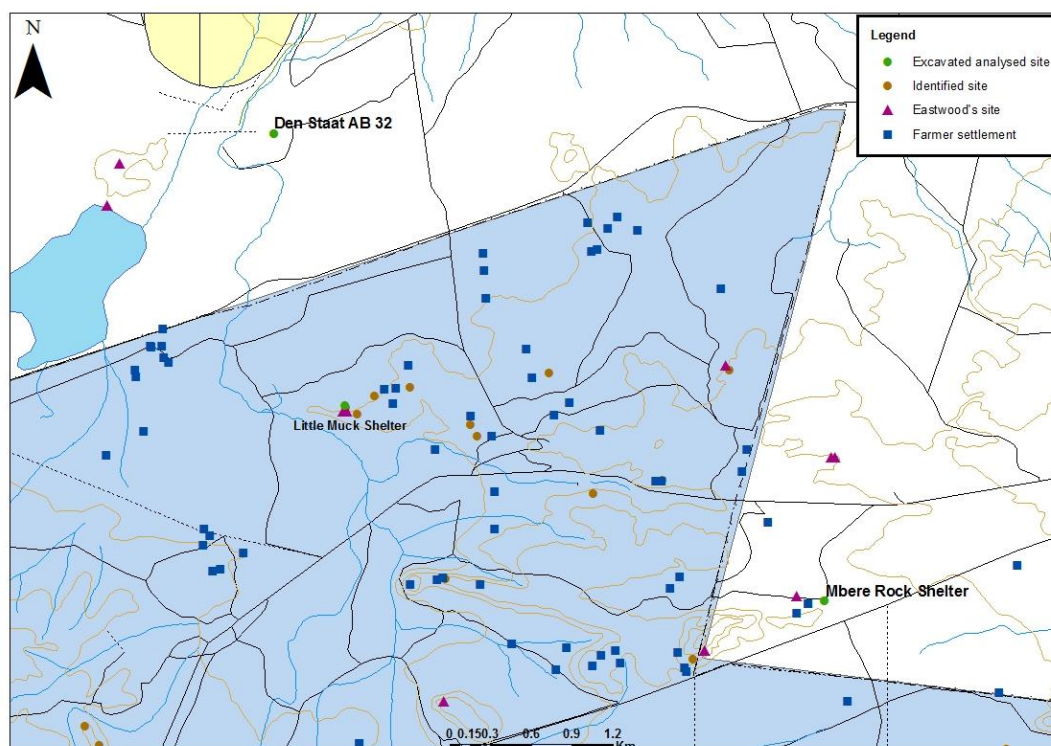

Appendix B.4: Site record sheet.

Appendix B.5: Map showing the distribution of the analysed open air sites.

Site no.:	Site name:										GPS:										Square:											
Length:	Lithic types:																														Total	
Width:																																
Lithics	Total:																															
Raw																																
Material:																																
Ceramics	no.	Decoration designs (also photograph):
