

**THE CONDITION MONITORING OF THE PASSIVE  
HARMONIC FILTERS IN RAILWAY DC SUB  
STATIONS**

**Petrus Gerhardus Breedt**

A research report submitted to the Faculty of Engineering and the Built Environment, of the University of the Witwatersrand, in partial fulfilment of the requirements for the degree of Master of Science in Engineering.

The author of the research report declares that the work done for the investigation is his own work and has not been reproduced/copied from other work done by other people. Complete and accurate, as far as the author is concerned, references have been made to previous work that has been done and is referred to in this report.
